RE: Bus Route Emergency Plan

Dear Wyoming Families,

This school year has had more shares of ups and downs than any of us could have imagined. As a school and community we have endured. Now as we come into the last quarter of the year, there is light at the end of the tunnel. I want to thank you personally for your help and dedication in making this school year possible. Now, I must ask you for your patience and help with one more challenge that has arisen recently.

I have a school bus driver that will be leaving on maternity leave within the next few weeks. Unfortunately, we have not been able to secure a substitute driver at the time of this letter. Until we are able to secure a substitute driver, I will be driving for her. The issue with this plan is that we will not have any available substitute drivers in the event another driver is unable to drive for any reason (COVID, other illness, etc.). I have an emergency plan in place that will combine **THREE** elementary routes into **TWO** elementary routes. This plan will allow the school to remain open while we still follow the Department of Health and CDC guidelines. Students who ride **Bus 72 and Bus 70 will need to be ready 20 minutes earlier on these Emergency Run Days**. We will send an Automated Call in the event we need to apply this emergency plan as soon as we can in order to give you as much time as possible to get your students ready for school.

I understand that this is a frustrating request. The ultimate goal with this plan is to keep as much of the normal routine intact as possible with the hope we will not have to activate the emergency plan at all. We feel as a District the best place for your students is in school with the most opportunities they need to succeed.

If you have any questions or concerns please feel free to call me in the Bus Garage at 585/495-6560. I will be happy to answer any questions the best that I can.

I thank you in advance for your understanding and cooperation as we travel through this last leg of the school year together.

Sincerely,

Adam Richley,
Transportation Supervisor
