August 11, 2017

Dear Friends & Families,

It has been a very successful year here at Wyoming Central School.

First of all, I would like to thank everyone for your support of our school. We had many changes this last year from Superintendent, Business Official and Transportation Manager to teachers being moved to different grade levels. Added to that a new math teacher in the middle school and elementary special education. All of these changes have benefited our students for a well-rounded education.

As proof of these successes, we have achieved one of our strategic goals: Students entering into 3<sup>rd</sup> Grade are already reading at or above 3<sup>rd</sup> Grade Level. This past year our students met this benchmark. We will continue to maintain this goal.

Over the summer, Norm Payne, received a grant through Lowe's and has purchased three (3) 3D printers! We are very excited about using these throughout the classes.

As we continue to work as a team, I look forward to this next school year. To see the growth of our students and what they are capable of accomplishing. Each student has such great potential and talent. As they enter into the next grade, learn more and participate more, they will grow and become more and more independent.

I will continue to dedicate myself to Wyoming Central and the best interests of our District. I believe our Team (BOE Faculty, Staff and Students) working together will continue to have an educational program that benefits every student.

"It takes a village to raise a child." Parents, teachers, support staff, community and administration all play a part in helping our students meet and exceed our expectations of them. I am looking forward to once again being a member of "this village to raise a child". You will find my door always open and I am always here to support you in any way possible.

Sincerely,

A handwritten signature in black ink that reads 'Kathy Schuessler'.

Kathy Schuessler,  
Superintendent of Schools
